

Most commonly occurring (easier?!) topics on higher tier –
 MUST be revised and revised well

	totals
Area/perimeter (all shapes inc circles)	49
percentage multiplier (inc. reverse)	47
basic algebra, solving equations, CTS	44
proportion (basic) inc inverse and currency	40
Indices, zero, fractional, negative simplifying	39
speed density	39
percentages of, profit (numeracy prob)	38
basic trig or pythag	29
boxplot, median and quartiles, S and L	28
ratio sharing	28
standard form	26
Tree diagrams	26
combination of transformations	23
basic probability and expectation	22
Venn diagrams	22
interior exterior angles	20
drawing quad/cubic graph	19
LCM HCF product of primes	18
cumulative frequency	18
combined ratio	16
number of ways	16
simultaneous equations	14
Mean average problem (or grouped freq)	14
inequalities inc regions	14
equation of straight line	11
frequency polygon	11
Scattergraphs	10
plan view elevations	10
estimation	9
recurring decimal to fraction	9
angles parallel lines	7
